

OPPORTUNITY PROFILE

DIRECTOR AND ASSOCIATE OPPORTUNITIES ***RESTRUCTURING AND TURNAROUND ADVISORY***

Chicago, IL

COMPANY DESCRIPTION

Our client is a national, corporate-advisory firm that provides independent, multi-disciplinary solutions for middle-market companies and their stakeholders to overcome financial and operational challenges. It specializes in restructuring and turnaround advisory (both bankruptcy and out-of-court), fiduciary services, transaction advisory, interim management, and forensic/litigation services. For almost 30 years, the firm has helped clients realign their business for immediate stability and implement innovative, results-oriented strategies for future sustainability and growth. With offices throughout the Central U.S. in five cities, the firm leverages the collective professional experience of its consultants to provide custom solutions to enterprises across the country.

POSITION OVERVIEW

The firm is continuing to grow its team of professionals. This position will support senior team leaders (President, Executive Vice Presidents and Managing Directors) with client engagements across all service areas. This position will have primary responsibility for the development, maintenance and “ownership” of the financial forecasting models and other analytical tools used to drive decision making on projects. The position will afford a good deal of autonomy and involve frequent and varying lengths of overnight travel to visit client sites as required to develop the required information.

SKILLS AND EXPERIENCE

- *Four (4) to ten (10) years of experience in finance, accounting or consulting:* Investment banking, commercial finance, investment management, accounting, or management consulting.
- *Extensive financial modeling experience:* Building and reviewing integrated three statement models, weekly cash flow models, valuation analyses.
- *Expert analytical skills:* Able to efficiently define problems, identify data needs, and analyze large complex data sets in Excel to address client need.
- *Strong verbal and oral communication skills:* Able to distill complex situations and analyses into meaningful information / recommendations for decision makers.
- *Big picture perspective:* Able to identify critical areas and drivers to quickly develop analyses to drive solutions forward; skilled at identifying inconsistencies between analyses and other context clues.
- *Self-Starter:* Able to work through ambiguity with strong project management skills

EDUCATION

- Bachelor's degree in finance or accounting, preferred
- MBA, CPA, CTP, CIRA a bonus
